EDUCATION

Siksha 'O' Anusandhan Deemed to be University (SOA), Bhubaneswar 2026 – Ongoing
B.Tech in Computer Science and Engineering | Bhubaneswar, Odisha

Government Women's Polytechnic, Ranchi 2023 – 2026
Diploma in Computer Science and Engineering | CGPA: 8.33 | Ranchi, Jharkhand

Saraswati Shishu Vidya Mandir, Daltonganj 2023
Matriculation (86%) | Daltonganj, Jharkhand

INTERNSHIP EXPERIENCE

Machine Learning Intern Feb 2026 – May 2026
National Institute of Electronics & Information Technology (NIELIT) | On-site | 4 months

- Completed Machine Learning Using Python certification, building supervised and unsupervised ML models for data classification and prediction tasks.
- Implemented machine learning algorithms including regression, clustering, and neural networks using Python, NumPy, Pandas, and Scikit-learn.
- Developed practical projects applying deep learning concepts to real-world datasets, strengthening skills in data preprocessing and model evaluation.

Summer Intern — Python Development May 2024 – Jun 2024
Codezeal Technology Pvt. Ltd. | Ranchi, Jharkhand | On-site | 2 months

- Completed a Python Programming internship, building a Job Portal website with full-stack functionality using Python, HTML, and CSS.
- Gained hands-on experience in Python fundamentals, problem-solving, web development workflows, and real-world project delivery.
- Designed and developed responsive front-end interfaces integrated with backend logic for user registration, job listings, and search features.

Database Management System Training 2024
EEPL Company

- Gained hands-on experience in DBMS concepts including SQL, data modeling, normalization, and database operations using MySQL.
- Designed and executed SQL queries for data extraction, analysis, and reporting across relational databases.

App Development Training — Python Flask 2025
dzinex Tech

- Built dynamic web applications using Python Flask with backend development, routing, and REST API integration.
- Connected front-end interfaces with Flask's Jinja2 templating engine to deliver functional full-stack web applications.

TECHNICAL PROJECTS

TinyTasks — AI-Powered Micro-Task Platform Sep 2026
Tech Stack: HTML, CSS, JavaScript | github.com/nikkita18/TinyTasks

- Built an AI-powered platform connecting users who need small everyday tasks done with nearby individuals, featuring intelligent task matching and geolocation-based recommendations.
- Developed end-to-end full-stack application with responsive UI, task posting/bidding system, and real-time status tracking.

IPL Akinator — Cricket Player Guessing Game Sep 2026
Tech Stack: JavaScript, HTML, CSS

- Created an interactive IPL player guessing game using a decision-tree based elimination algorithm with dynamic UI and real-time feedback.

Super Mario 2D Game Sep 2026
Tech Stack: JavaScript, HTML5 Canvas

- Built a 2D platformer game with sprite animations, collision detection, level progression, and keyboard-controlled gameplay mechanics.

Spotify Clone — Music Streaming UI Aug 2026
Tech Stack: HTML, CSS

- Designed and developed a pixel-perfect front-end clone of Spotify's web player with responsive layouts and audio playback integration.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, HTML5, CSS3, SQL

Frameworks & Libraries: Flask, Bootstrap, NumPy, Pandas, Scikit-learn

Databases: MySQL, DBMS Concepts, Data Modeling, Normalization

AI/ML: Machine Learning, Deep Learning, Generative AI, AI Foundations

Developer Tools: Git, GitHub, VS Code, Jinja2, REST APIs

Design & Creative: Graphic Design, Video Editing, Adobe Photoshop, Adobe Illustrator

Soft Skills: Problem Solving, Team Collaboration, Creative Thinking, Entrepreneurship

LICENSES & CERTIFICATIONS

- **Foundation of Artificial Intelligence Technology** — NIELIT (National Institute of Electronics & Information Technology), Issued Jun 2026 | Credential ID: AFJHB001603724102455 | Skills: Artificial Intelligence, Deep Learning
- **Oracle AI Foundations Associate (OCI 2025)** — Oracle | Demonstrated understanding of AI concepts, OCI AI services, and real-world AI applications.
- **Machine Learning Using Python** — NIELIT | Completed as part of ML internship, covering supervised/unsupervised learning and model deployment.
- **Cyber Challenge Delhi Police Hackathon 2024** — Delhi Police | Skills: Cybersecurity, Cybercrime Investigation, Network Security

HONORS & AWARDS

- **3rd Place — WELOCITY AI Hackathon 2026** | Issued by AWIB (Women in Business) & Akin Analytics, Jan 2026. Competed in a national-level AI hackathon, developing innovative AI-driven solutions under time constraints.

LANGUAGES

English (Professional Proficiency) | **Hindi** (Native Proficiency)
